- 1 Science and Technology Centre in Ukraine (STCU) is an intergovernmental non-profit organization established to support research and development activities for peaceful applications by scientists and engineers formerly involved with the development of weapons of mass destruction. STCU's activity is governed by the intergovernmental Agreement on the establishment of the Science and Technology Centre in Ukraine that was initially signed by Canada, Sweden, Ukraine and the United States of America. Subsequently, the European Union replaced Sweden, and Azerbaijan, Georgia, Uzbekistan and Moldova joined the countries who had signed the Agreement. In addition to funding research projects, STCU is active in other fields including the searching of scientific partners, conducting the on-site presentations, scientific workshops, implementation of partnership projects, providing grants for overseas travel and supporting the patenting.
- 2 STCU, for purposes of the Project no. 9703 (based on the EC Contribution Agreement INSC/2023/442-610), which is being implemented jointly with State Specialized Enterprise *Central Enterprise for Management of Radioactive Waste*, invited proposals for the services related to the preparation of a final safety analysis report, and the following companies submitted their proposals:  
  
*Brenk—Plejadas Consortium*  
Aachen, Germany  
  
*ISP NPP*  
Kyiv, Ukraine  
  
*KIEP*  
Kyiv, Ukraine
- 3 Due to circumstances beyond STCU's control, the funds made available to be used for the future contract are insufficient. Therefore, the tender was cancelled.
