

TENDER RESULTS

Request for Proposals no.: 2024-27
Date of invitation: 24 July, 2024

Deadline for submission: 16 September, 2024
Evaluation completed on: 15 October, 2024

1. The Science and Technology Centre in Ukraine (STCU) is an international organization involved in the non-proliferation of weapons of mass destruction. The STCU's activity is governed by the intergovernmental agreement to establish the Science and Technology Centre in Ukraine that had been signed by Canada, Sweden, Ukraine and the United States of America. Subsequently, the European Union replaced Sweden, and Azerbaijan, Georgia, Uzbekistan and Moldova joined the countries who had signed the Agreement. STCU's mission is to support research and development activities for peaceful applications by scientists and engineers formerly involved with the development of weapons of mass destruction, to advance global peace and prosperity through chemical, biological, radiological, and nuclear risk mitigation by supporting civilian science and technology partnerships and collaboration that address global security threats and advance non-proliferation.
2. The STCU, for the purposes of the international technical assistance project No. 9704 *Support to the Improvement of RAW Management and Environmental Radiation Monitoring within the Chornobyl Exclusion Zone* (U4.01/20A and U4.01/20B), funded by the European Commission and implemented jointly with the State Agency of Ukraine for Exclusion Zone Management (SAUEZM), has requested proposals to provide the following services: **Design of a Comprehensive Water Monitoring System for the Chornobyl Exclusion Zone**. The following companies submitted their proposals:

AFRY UKRAINE LLC
Kyiv, Ukraine

JSC “Kyiv Research and Design Institute “ENERGOPROJECT” (JSC KIEP)
Kyiv, Ukraine
3. As a result of the evaluation and comparison of the proposals, the service contract has been awarded to AFRY UKRAINE LLC at a contract price of EUR 1,260,889.00.
